Faculty and Staff

Taking the photos of the faculty and staff is not as easy as it looks. First of all, getting them to come on time was a chore in itself. (They coudn't even give the old "I had to go to my locker" excuse!) Once we got them there, Alec had to stand on his head to get them to smile.
Pages 5-10.

Activities and Clubs

I don't understand people who jump in front of cameras to get their cheap thrills. If you're surprised to see A. Loser next to your name, don't be. As for the rest of the people who were in their correct pictures, we thank you for your cooperation.
Pages 15-29.

Underclassmen Candids

I think the world is divided into two kinds of people: those who jump in front of the camera and those who hide from it. You can tell who these people are and where they stand on pages 11-14.

Patrons and Sponsors

Thanks to the semi-productive ad drive our friends, patrons, and sponsors can be seen on pages 43-45. While you're at it, take a look at our ads, these people support us, please support them.

FUTURE PROBLEM SOLVERS

The Massachusetts Future Problem Solving Program is designed to use futuristic problems to instill problem solving skills in students. Students with academic / creative ability work to solve real-life problems from our future and then develop a solution for what they believe the underlying problem is.

Last year after six months of time and effort had been put forth into the program along with the shuffling of certain students to secure the proper chemistry for all three teams, the team was invited to participate in the 1984 Massachusetts F.P.S. Bowl at M.I.T. on April 28th. This team consisted of seniors; Jeff Schwefler, Chris Kraus, Russell Wilcox, Scott Young, and junior Doreen Lukowski.

Not only did this team take first place in the team competition, but also took first place in The Solution Selling presentation, in which a team through a skit develops a method to sell and implement their best solution. Their strong performance once again insured them of further competition at the International Bowl In Cedar Rapids, Iowa. For Masconomet, this was their second state title in as many years and second trip to Cedar Rapids for international competition. Masconomet eventually finished eighth in the country in the team competition.

In the individual competition Jeff Schewfler from Boxford finished first in the United States and Canada in the competition. This was a remarkable accomplishment for Jeff. Not only was this great honor a first for Masconomet but it was also the first time a top award was received by any Massachusetts team in International F.P.S. Bowl competition.

This spring, Masconomet will attempt to make it **three consecutive** state titles.

THESPIANS

The Masconomet Thespian Troupe #2408 is the schools soul group devoted to keeping alive the ancient Greek morals of the theater. The troupe is active in maintaining a state of financial debt, no matter how many fund raisers we have. But still a few activities prevail — entertaining at dinner dances and an occasional trip to New York's infamous Broadway. Membership is attained by gaining a number of points by showing a diverse interest in the stage, costumes, set design, construction, and business. Unfortunately we have had a set back in membership, but our advisor, Miss Jarvie, continues to be the gleaming figurehead of unity within our group. It has been a good year and thanks to our president Jenny Taylor for making it so.

PEER ED

Peer Education is kids providing information to other kids (from grades 9-12) in the Tri-town area who have been trained to provide information and referrals to their peers. They currently have an office near the Junior High Cafe, which is open during school hours. Masco Peer Ed provides education to the school through brochures, discussions, workshops, movies and dramatic skits that focus on teenage depression and suicide, separation and divorce, drug and alcohol abuse. Their latest project has been to create a peer pressure skit directed toward the sixth graders as a preparation for Junior and Senior High school.

In addition, they have information on a wide variety of topics including: stress, nutrition, self-esteem, and death and loss. They also provide education to parent groups and other community groups. The Peer Eds will be participating in the prom campaign and are organizing to have a hot line for prom night to provide students with a safe ride. They have a New Student Orientation program in cooperation with the Guidance office. The Peer Education Program is sponsored by the Tri-town Council.

WBMT: MASCO'S RADIO STATION

In 1976, Masconomet's dream of having an educational radio station was beginning to take shape. The Federal Communications Commissions issued Masco frequency 88.3 FM which became WBMT. With a gift provided by Mr. William Coolidge of Topsfield construction was underway.

Over the years, the station's hours have varied. Whenever possible, the hours have been noon to 9 p.m. weekdays and 10 a.m. to 4 p.m. on weekends.

WBMT's aim is to give high school kids an opportunity to work on a radio station. Having an output of 820 watts WBMT is ranked as one of the most powerful high school or college radio station in New England. The broadcasts are heard throughout the Northshore.

Every football and basketball game is broadcast with play by play anchor being announced by Sam Winslow.

Each year brings improvement for the student-run station. New kids bring ideas and the WBMT staff members do not appear to have an end of talent and motivation.

FALL SPORTS

Coach Finnegan

Coach Sinnott

The 1984 Masco fall sports season proved to be an overall strong one for the Chieftain athletes. Although some of the team records were not outstanding, the kids who participated learned a great deal about their sports, sportsmanship, and developing responsibility. Everyone worked to their fullest potential.

Masconomet, over the years, has come to be known as the school to beat. This proved true again this year as many of the teams entered post-season tourney play. Coach Casey and his "Bunnies" were particularly noteworthy winning their sixty-sixth straight meet in cross-country.

All of the coaches and underclassmen appear enthusiastic about an even stronger season next year.

"Field Hockey has gone through a building year with many young players gaining experience. With a year of playing and a lot of potential and spirit the future team should be successful."

Coach Finnegan

Coach Faust

Coach Casey

Coach Murphy

Coach Emmons

Coach Lauzon

Coach Guerra

"The Boy's Cross-Country Team finished off the season on a positive note. Jeff Guella led the club with a 26-30 win over North Andover. With this victory, we achieved a 6 and 6 record. Under the circumstances I was very pleased with the efforts of my runners. Dave Croteau, a top runner, came down with mono at the start of the season. Injuries and sickness also hampered the performances of many of the top runners. Because of these adversities I am especially proud of the way in which the team met the challenges of our difficult schedule. I want to thank my seniors and wish them the best of luck in the years to come.

They are a credit to their families and school."

Coach Sinnott

"The 1984 Girls Volleyball Team had a tough season and a lot of close games. However, our record didn't show all our hard work and skill. Co-captains Janna Preman and Debbie Lucey along with Coach Faust tried their best to improve all the skills that were needed and somehow managed to succeed. Good luck to next years team and co-captains!"

Coach Faust

"The Girls Cross-Country Team, under the leadership of Tri-Captains Michele Boyle, Krissy Callahan, and Tina Duffy captured the Cape Ann League Championship for the sixth straight year. This team has the longest winning streak on the North Shore and possibly the whole state with sixty-six consecutive wins.

The 1984 Cross Country Team could possibly be the best team at Masconomet. They placed second in the Northern Area Meet this year which is the highest any Masco Cross-Country Team has ever placed."

Coach Joe Casey

"Although we lost some games for the first time in many years, I enjoyed this season. Each person on the team made a major contribution and we had a lot of fun. This team was unique in that we had 20 players of pretty much equal ability, therefore I was able to play each one an equal amount. Seniors, good luck, I hate to see you go."

Coach Lenny Emmons

"Girls Soccer had a very successful season. They had a record of 12-3. The team was young but with the help of Coach Jim Murphy and the Captains Sandra Scibelli and Kriten VanCott they managed to achieve second place in the Cape Ann League and went on to participate in the state games."

Innocent Bystander

"The Golf Team finished in second place in the Cape Ann League, with a record of 11-3-2. Despite the fact that the team was very young — only one senior. It was a great year and I am very proud of the teams play. Due to the age and quality of the play by the golfers — we should be very competitive in the league next year."

Coach Roger Lauzon

"Masco's Football Team had a fairly successful season. They lost a lot of top players last year but they seemed to overcome this loss by utilizing their new talent to its best ability. The team felt it had a good season and the coaches agreed."

THE FANS!

The fans at Masco this year were wonderful. The intensive cheering and the banging of happy fan feet could only hint at the enthusiasm they felt for our dedicated athletes. The support of these parents, friends, and families was unbeatable.

Some local fans had a word or two to say about Masco's athletic teams. Dubb Taylor of Boxford said, "I've been watching Masco play sports for the last twenty six years and I still find it as captivating now as I did then." Missy Donovan put it like this, "I think like all Masco sports are great to watch because all my friends go. It is gnarly cool."

CHEERLEADERS

Wow, what a great batch of cheerleaders we have this year. Well, let's see from left to right in the above picture it's: J. Schultz, A. Gibeley, S. Daras, B. Wood, B. Baldassarri, D. Daras, S. Harmer D. Daley, S. Johnson, S. Williams, L. McCauley, M. Bradley, H. McNatt, A. Brickett. These girls led our way cheering for football, even when we were losing by 23 points in the fourth quater. These girls spread enthusiam through the hearts of many fans. Surely the football players can't thank them enough for their support through both the thrill of victory and the agony of defeat. The school is indebted to these leaders of cheer for their super support, Thanks a whole lot ladies.

Chief Masco, Chris Theokas

Boy's Cross Country

The boy's cross country team this year was very energetic. They had no trouble converting the freshman runners into prime athletes. Seniors on the team included: Jeff Drake, Rob Martin, Kevin Bourque, Jeff Guella, James Sorbello, Steven Masse, and David Croteau. These seniors did very well in keeping Masco's name high in the running dept. Coach Ray Sinnott was pleased with his team's enthusiasm and performance. Ex-cross country runner Alan Pearsall said, "I was very impressed with this year's team. I also love the new running sneakers everyone had, it was quite impressive. Also, after the seniors leave I think Masco's team will still be very competitive due to the amazing potential of the underclassmen."

1st Row: J. Drake, K. Bourque, J. Guella, J. Sorbello, S. Masse, D. Croteau. 2nd Row: C. Guilbault, T. Gaudrault, N. Kitteridge, S. Johnson, M. Drake, J. Harris, J. Rei, 3rd Row: Coach Ray Sinnott, B. Johnson Missing: R. Martin.

Girl's Cross Country

This year's cross country team shown above consisted of: First Row: K. Callahan, M. Boyle, Duffy. Second Row: K. Hanser, K. Murphy, A. Legacki, C. Lindquist, L. Trask, N. Cerullo, J. Goodhue, J. Tinney, R. Darling, Row 3: B. Heckman, C. Burke, J. McChrakin, K. Nowack, C. Butler, M. Mercier, C. Baker, K. Perkins, K. Weston, and J. Casey — Coach. These girls had a good season and we atribute some of the credit to coach Casey. The Coach's endless wit and uncanny style resulted in a successful team. The girls shouldn't go unnoticed though; for they won the CAL open and became CAL champs for the 6th year in a row. The seniors on this year's team were Kelly Perkins, Cheryl Baker, Michell Mercier, Krissy Callahan, Tina Duffy, and Michele Boyle.

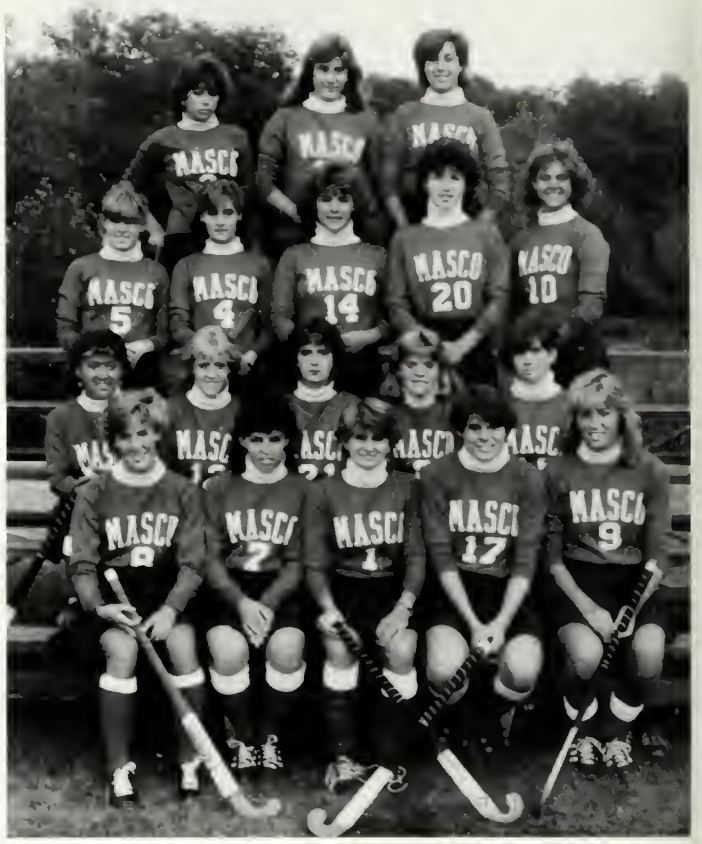
Field Hockey



Our biggest problem was getting everyone in a good mood, feeling healthy, and together at the same time. Our record of 5-6-1 showed that we had a little trouble doing so. Ever since last summer we worked together to be the best but it didn't go to waste because the team only lost four seniors: Stacey, Cindy, AnnMarie, and Christie. So, next year they should beat the boy's soccer team's record. This was the most fun we have had in field hockey and we owe it to the team. There was one All-Leaguer, Jenny Lord, and two All-Stars, Stacey Henderson and Suey McLaughlin that helped the team a lot but no one person was the team that is for sure. Our message to next year's team is to leave your problems behind and get ready for states! Thanks B.M.

Co-Captains: Stacey Henderson and Christie McCollough

1st Row: L. Weeks, A. Bagerella, C. McCollough, S. Henderson, C. Weaver. 2nd Row: L. Beech, J. Lord, T. Steingesser, T. Sanford, S. McLaughlin. 3rd Row: C. MacLean, M. Noel, G. MacCarey, D. Lukowski. 4th Row: S. Maglio, K. McGillvary, M. Maccarone.

Football

This year's football team completed the season with a four-six record. This record was not quite as good as we had hoped. All the games we played were very close, being decided at the last seconds of the games. In our past three years of varsity football we have posted a record of sixteen-fourteen. This is a far cry from the drought of the late seventies. Next year's team looks like it has a lot of potential and all of us graduating football players wish the best for them. Also, we would like to give a big thanks to coaches Bouvier and Guerra for our season. Next year's captains are Jerry Johnston, Dave Crimi, and John MacKay.

Girl's Soccer

The 1984 girl's varsity soccer team was young. Only five seniors were on the squad; but those five through their leadership, maturity, desire, agressiveness, and athletic ability, led the team to the state tournament and a second place finish in the Cape Ann League. The seniors were Co-Captains Sandy Scibelli and Kris VanCott, Stephanie Beegan, Jamie Nekoroski, and Sarah Sutton.

The team was known for its crisp passing game, its ability to score goals in bunches, its tenacity on defense, and its closeness as a team. The girls were a pleasure to coach and fun to be with.

"Who cares if the skirts were too short the basketball and hockey cheerleaders had the best season ever! Even though Aimee couldn't keep her mind off Brooke, Doreen couldn't do a split, Wendy had the wrong size skirt, Maura couldn't remember the words, and Tracey had a weird turtleneck, we all still managed to get out in front of all of you and smile; even if we did have a run in our nylons! Too bad the J.V. pyramids never worked out and they ended up as just a pile of bodies in the middle of the court! How many of you liked the Santa hats? Well, they gave a lot of you a good laugh!
As usual, the varsity hockey and basketball squads did great in their competition. Varsity hockey won first place and basketball won the spirit award.
Next season, all the cheerleaders should get Mr. Lowe to get us new uniforms, I mean, polyester is definitely out!"

GIRLS GYMNASTICS

This year's gymnastics team, co-captained by Lesley Weeks and Janet Holland, captured the North League title with an undefeated season of 8-0. This qualified the team for the North Sectional Meet in which they placed third out of the top four continuing on to States with a high score of 124.0. This is the first gymnastics team from Masco to make it all the way to the State Meet. High scorers were all-stars, Maryellen Driscoll, Janet Holland, Meg Ryan, and Melissa Schwab. This was really strong team with a lot of depth. Overall, they had a great season and have a lot of potential for next year!

"The varsity hockey team ended its season last week with an 11-1 win over the Hornets of North Reading. Overall, the Chieftains ended with a 6-12-1 record. Senior Jim Lukowski scored three goals and added three assists in the last game to bring his varsity career point total to 101., an impressive feat for a high school player.

Coach Bob Driscoll summed up the Chieftains' season as a good one and said, "The boys learned a lot this year. It would've been nice to win a few more games but there's a lot more to the game than just winning."

The predominantly senior Masco wrestling team captured the Cape Ann League title for the first time ever this year. The highlight of the season was Masco's 31-25 victory over North Andover whom Masco has not defeated in the past eight years. Other titles won by the matmen were 3rd place in the Lowell Tournament, 1st in the Westford Tourney, 1st in the Capes, and runner-ups in Division 2 North Sectionals. Seniors would like to thank coaches George Fischer and Chris O'Callahan for their help through the season and congratulate coach of the year Dennis Puleo.

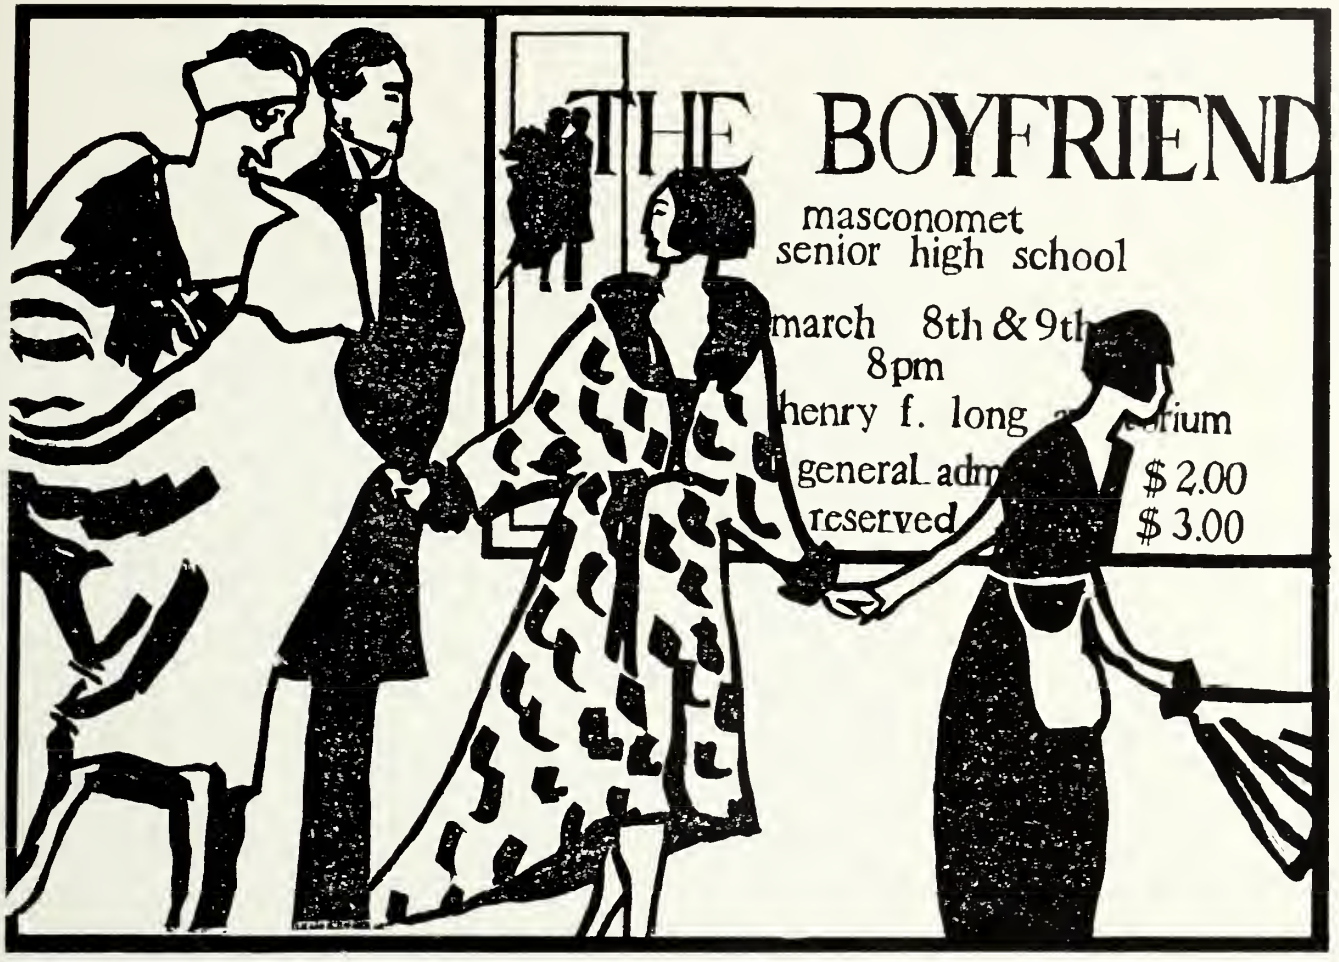
CO-CURRICULAR ACTIVITIES

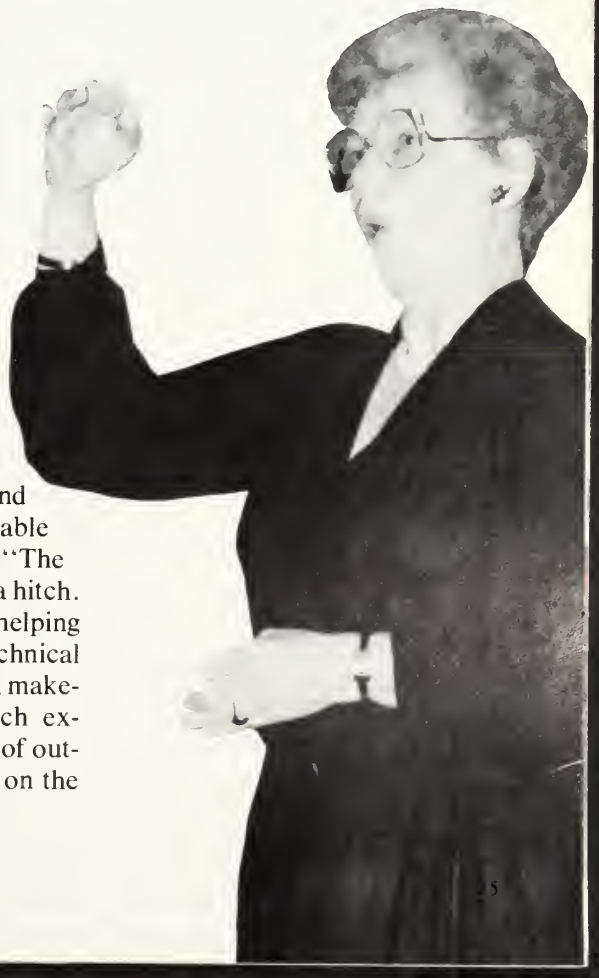
The Play

On November 9th and 10th, the production of "The Night Thoreau Spent In Jail" was put on by Masconomet. Under the direction of "Double J" Jarvie the play was a rollicking success. Playing the lead was Alec Gilman. Alec's performance as Henry Thoreau was incredible. He was on stage for the entire duration of the play. His character was a difficult one and he played it with vitality. Tim Barnes, Sue Bott, Jeff Hatcher, Peter Yanakakis, and as Baily: Ross Pearsall, in addition to a number of other people (both cast and stage crew) made the play successful.



THE MUSICAL

Masconomet's annual musical extravaganza "The Boyfriend" opened to rave reviews on March 8th. Starring Dorsey McGlone, Elizabeth Tighe, LeeAnn Evans, Rebecca Twiss, Denise Eschenbach, Michael Morrissey, Alex Gillman, Tim Barnes and Jeff Hatcher and under the able direction of Miss Jean Jarvie, "The Boyfirend" came off without a hitch. As usual there were many helping hands both on stage and off (technical crew, set design, pit orchester, make-up and business staffs) which extended the excellent tradition of outstanding musical productions on the Masconomet stage.



The Alternative School

The Alternative Program is a group of twelve students and two teachers. It helps students to become better individuals by learning about themselves and others through group discussions. Academics are based on the individuals' ability and needs. Group activities, including field trips, play an important role in this program. One might say we are one big family. There may be differences of opinion, but that doesn't stop us from caring about each other.

The Students

MARCHING BAND

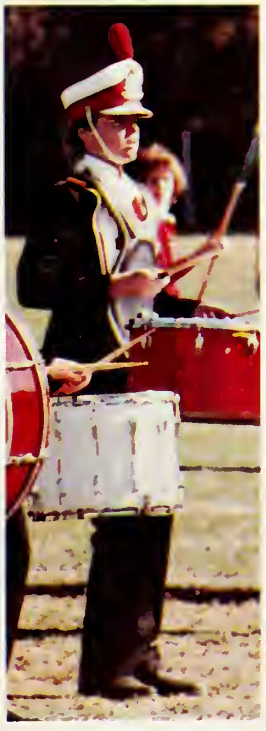
The 1984-85 Masconomet Regional Marching Ensemble has had a terrific season this year. It rained on us a few times but failed to dampen our spirits. A new drill instructor and two new advisors helped us a great deal in our efforts. Susan Moore was this year's Color Guard Captain and this year's Color Guard was larger than it has been in five years. This added a great deal of pizzaz to the outstanding Majorette Squad to present an unsurpassed front-line presentation.

The Drum Major, Peter Vantine, has worked well with the Assistant Drum Majors, Kim Stickney and Tracey Dvorak, to direct the entire group during its presentations of parades, pre-game shows, and magnificent half-time shows.

The Ensemble has featured several soloists this season, including Jim Wilkinson and T.J. Butler on baritone saxophone; Ralph Matthews, David Hobson and especially Dana Whitaker on trumpet; and Tom Wilkinson, Keith Hart and Kate Baker in our drum line.

Special thanks go out to Deirdre Puryear for her sewing our new flags, Mrs. Sullivan for her design and construction of our new Color Guard uniforms, and the Masconomet Music Parents Association for their continuing financial and moral support.

Thanks to all of the Band, Color Guard and Majorette members for their contributions of time, effort, money and, most of all, school spirit to the Masconomet Regional Marching Ensemble.



MASCO'S NURSERY

The "Masco Nursery" School in F112 is the laboratory experience involved with young 3-5 year old children that high school juniors and seniors in Early Childhood Education experience every day.

Along with their lab work students also meet every day during a class period to work with their teacher, Mrs. Mannheim, to study curriculum related to child development, running a nursery school, and a better appreciation of family life.

Students also learn to appreciate that caring for young children and for some making it a profession is a worthy life choice. Students develop skills working with children and planning and carrying out activities for them. It's a chance to be creative, to develop leadership skills, team work, and responsibility.

The program is in its 15th year and has twenty children from the Tri-town district. The Advanced E.C.E. program is for seniors who took the course last year and who have made a serious committment to make a career working with children. There are four students enrolled in this class, and the students do independent field work at local nursery schools and kindergartens.

Sinnot said he got the idea at an TA meeting last June.
I had done it in past years to raise oney for the cross country team and s successful," he said.
This time was successful, too, with ise to $200 raised for the scho-ship
As marathoners might know, two urs. 53 minutes is a good time.
Did Sinnot win anything for a great -formance? "Yes, a kiss from my e and keeping myself out of debt 0," he said.

...your heart's not in it, nothing will work."
How do the parents of the students of Masco feel about the rock ensemble programs? Well, many don't know it exists, and others don't like it. They think rock music is a waste of time. "No matter what you do, there's always someone who doesn't like it," commented Burguess.

...of class, kids begin to learn to set up and operate a public address system, plug in microphones and guitars, get out stands, set up drums and their music charts, tune up to the same note, then finally play. It all sounds like too much fun and a waste of valuable academic school time, but R.E. is offered as an honors course and expectations are high.
The students have fun in such a way everyone involved learns to work closely with his or her peers. They get to know each other as friends with the same interests, while learning about arranging, composing, and reading music. Most of all, they play pieces together as a group over and over until they live up to Burguess's expectations and they're high.
Burguess gets involved in the students' work, as well. He says he also cares enough to try to know the student as a real person so that if one has an off-beat day, the student feels comfortable enough to turn to him for help, or maybe even a little advice.

...ugh the usual high school offerings.
Students involved in rock ensemble are required to take an additional course offered by the music department, but it bothers them to know some parents love to see their kids on stage performing in concert band or chorale, but don't like to see them in R.E.
The truth is, the players say, rock ensemble is just as tough to master as any other course at Masco.

Ensemble players defend the class, 'it's fun playing'

By BILL RYAN

While many parents dislike rock ensemble just because it's rock 'n' roll. Here's a sample of what kids think:
"I like it because it's fun playing music and it wakes me up in the morning," Greg Gatlin chipped in enthusiastically.
"It's a pretty good class, better than most," freshman guitarist Steve Petersen answered.
"I enjoy it because I like to sing and this is a place where I get a chance to do it. I can express my feelings through my singing. It's a good experience," replied Jamie Nekoroski.
"It's one of the better classes in the music department. It really expands my learning capabilities," Jon Carney added.

This senior has completed boot camp

By BILL RYAN

While most of Masconomet's students spent their summer at McDonalds, taking trips to Maine, and sunbathing at Crane's Beach, one student did something different.
Mark Powers, a senior, completed his basic training in the U.S. Army at Ft. Benning in Georgia. He is now a private in the Army reserve.
"It was something I always wanted to do and it was the quickest way to do it," said Mark.
Asked why he would want to put himself through the Army's difficult training, he replied, "I had no other interests in civilian jobs and I liked the money and the educational benefits given to me by the Army. I'll also be an officer after my sophomore year in college."
"It was a lot of fun and a maturing experience. It made me appreciate what I had, like clean clothes and the freedom to choose when to do things. But, I was also given a lot of responsibility like guard duty."
Another aspect of the Army Mark talked about was the quality of his fellow recruits. He says criticism and ridicule of the Army was unjustified.
"Everybody I met was motivated, dedicated, and smart."
If Mark Powers is any indication of the average soldier, then he is right when he says we are being defended by capable people.

BOOT CAMP builds soldiers, a Masco student says.

JOURNALISM

Designed to teach the fundamentals of journalism, the course focuses on news-writing and newspaper production. Students are required to collect, write, edit, and layout the news which appears on a weekly basis in the Tri-Town Transcript. Starting as tender tyros, students soon learn the ropes and become toughened investigative writers probing controversies and shedding light, like snakeskin, on the darker secrets of life at Masconomet. Before the semester's out, the blood of the journalism students grows dusky with printer's ink and their eyes grow bright in the pursuit of journalistic truth. For truth is what journalists pursue beyond fame, beyond wealth, and beyond glory.

Dave "Mike Wallace" Donavel

DRIVER'S ED

The excitement never stops in Driver's Education. Students first spend thirty hours in the classroom studying the facts on driving theory. But the fun continues on the road when the student develops tactics in defensive driving with such illustrious figures as: Mr. Vrettos, Mr. Smith, Mr. Soucy, Mr. Meegan, and Mr. Paarlberg. Time is spent on the road touring the Tri-Town and North Shore area and there is even a thrilling drive into Boston which raises a few hairs on the head of any novice. All in all, there is always the teacher's foot on the brake to save the day.

TRAINING CENTER

The Training Center provides education to a variety of developmentally delayed students. These students would otherwise attend school in segregated settings and be unable to take advantage of the many benefits available in a high school environment.

The purpose of the Training Center is to teach developmentally delayed students to fulfill their potential to be independent, productive adults. Our in-class work focuses on the functional academics and pre-vocational training. We take frequent field trips to practice skills acquired in the classroom. We use various school facilities; the gym, cafeteria, and home economics room.

Despite this, we are still basically a self-contained class. The Training Center students are not mainstreamed; they do not go to math and history classes. This limits their opportunities to interact with other students. The student volunteer program has been going on in the Training Center since its beginning eight years ago. It gives high school students the opportunity to work with Training Center students as individuals rather than as a group of people who are different. The volunteer experience is mutually benificial. Students in the Training Center gain a variety of positive role models and are helped to learn. But the most valuable aspects are the friendships they develop with volunteers. The volunteers help make the Training Center the quality program that it is.

DEDICATION

FLINT PUBLIC LIBRARY
MIDD N, MA 01949
FLINT PUBLIC LIBRARY
3 2126 00143 387 4

When dedicating a yearbook, many people feel that this recognition is deserving of the person who has had the most influence on our class. We feel that it should bring to light the person who has helped the class in a different way — a person who has done a tremendous amount of work but is not necessarily recognized for it. This person is Mr. Walter Meinelt, advisor to the 1985 Mitobo staff.

As you probably have already realized, this year's yearbook is unlike anything you've ever seen before. Ever since "Camp Masco" in 1983, Mr. Meinelt has been encouraging yearbook staffs to be original and creative with themes and layouts. If you look at any yearbooks from other schools, or even past Mitobos, you'll notice that they are probably not that different from the yearbooks your parent's brought home 25 years ago. Thanks to Mr. Meinelt, the Mitobo is no longer just another high school yearbook with overused ideas. It is a new way of expressing ourselves as a class and setting ourselves apart from other classes and other schools.

The yearbook is not the only means by which Mr. Meinelt has guided us. As a teacher, Mr. Meinelt is also very demanding of us from a creative standpoint. He expects us to solve problems with originality and technical proficiency, and the result is Masconomet's ranking as one of the top 20 art departments in the country.

We thank Mr. Meinelt for not only helping us to make this Mitobo the best yearbook yet, but also for being an outstanding teacher and a caring friend.

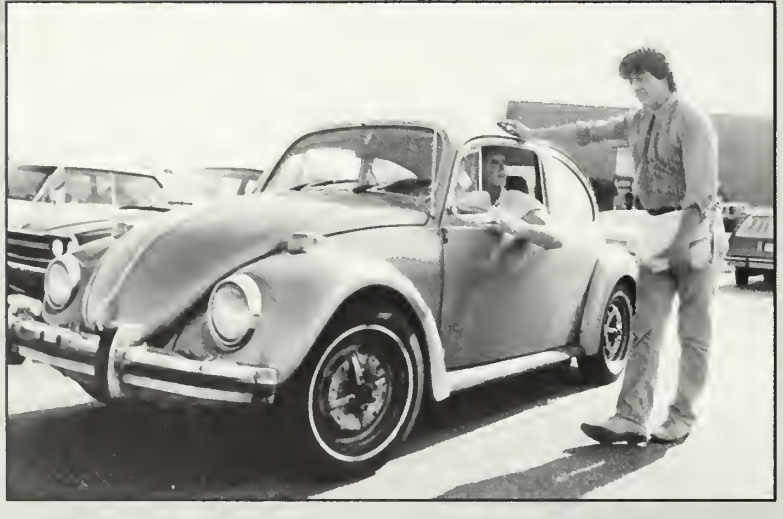
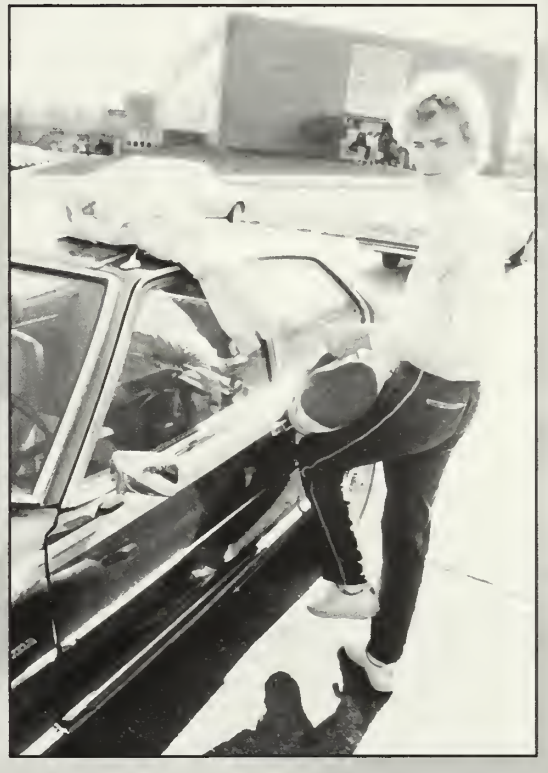
THE RESULTS ARE IN!



What do you think of people who use 3 parking spaces to park their car?
"I think that they should be forced to drive LTDs or forced to do three trig graphs for Mr. Paarlberg."
"It just shows how bad their car is. Especially that yellow one."
"Fine, as long as they aren't in the two spaces I was going to use."
"They must have big cars."
"I think they should use four or five like I do."



What's your best excuse for leaving campus legally?
C'mon guys, can't you think of anything else besides the bank? No wonder we don't have total open campus, half of you would probably get lost trying to find it. Some of the following responses, though not always successful, are creative, at least:
"I want to go home."
"I have to go to the bathroom — at home."
"I left my cleats at home."
"I left the iron on."
"My house blew up."

What kind of car do you drive?
"A silver vette. Actually, a silver CHEvette.
"The land rover (Hebe Mobile)."
"An urban assault vehicle."
"My mom's station wagon."
"The stugatz mobile."
"I take the bus."

IN MEMORY OF ROBERT JAMES CONDON

Bobby was a very special person who touched everyone in a very meaningful and caring way.
— Kathleen M. Reddington

Bobby was a pleasure to have around — always smiling, never complaining, an inspiration to all of us. I miss Bobby. Mr. Norman Soucy

Bobby
Bobby was very special to me, the kind of friend I need. He had a great deal of strength and courage, something I'd never seen. He was always happy and smiling, even when he knew he was dying. And when the end had come, when we were told he had died, It wasn't the sickness we remembered, but his strength and his pride.

Love, Maryanne

Bobby had a great deal of influence on my life. Everything he did he did with a hundred percent effort. No matter how down I was, his smiling face would make everything O.K. I remember when we played basketball, all we did was sit on the sidelines, but you never heard anyone yell as loud as he did when we got a basket. His motto was, "We'll get 'em next time." He was a true friend and one hell of a person. I can proudly say that I'm glad he was a part of my life. Bob, thanks for everything, you're in my heart always.

Love, Rick Dane

Me to You
Bobby was here but now he's gone,
My memories of him will always live on.
He was the best that I ever knew,
I miss him now, and will always be blue.
I wish he was here so very much,
Just so I could see him, and feel his touch.
I miss you Bobby, and wish you were back,
I know that you won't be, and that's the fact.
Bobby was here, but now he's gone,
My memories of him will always live on.
I love you Bobby, always and forever,

Paul Steiger

A memorable young man we will always miss. He blessed us with his smile, his humor, his courage. He contributed much to his school and his community. His love of sports, friends and his concern for others endeared him to us. Bobby enriched the lives he touched.

Junior-Senior prom 1984

I took every precaution so it wouldn't happen. I traveled two thousand miles so it wouldn't happen — but it did: every girl's nightmare, the dreaded "duplicate prom dress!;; Although there are always two people at the prom with the same dress, I figured things like this happened to other people. After all, Amy had only gone to Salem to get her dress.

Amy and I both thought that we had different dresses until we got to a pre-prom party. We avoided each other for as long as possible, thinking no one would notice. But it was very hard for people not to notice when we both appeared on the court together. People couldn't stop laughing and neither could we. I guess for Amy and I our prom experience was the same! But at least the prom itself was a success!

Halloween party

This was our first function as Seniors. With about 10 "ZZ Tops", Cindy Lauper, Billy Idol, and Jose Otero, it looked more like the MTV Video Awards than a ghoulish affair. "Best costume" went to Mike Cerullo and Jim Lukowski; cutest couple, Kris Kurtz and Christie McCullough (Though they barely edged out Mike Koveleski and Al Pearsall in their "beads and beards"). The costume that best represented personality went to Jackie Lauria and Rachel Clay as Cabbage Patch dolls, and most original costume to Pam Mitchell as an upside down man.

Christmas party

'Twas the week before Christmas and all through the town, All the seniors were gettin' ready, to go out and get down! The Christmas party was a great success thanks to our chairman Chris Theodorou and Joe Miller. The cafe was beautifully decorated and everyone nicely dressed. Then Santa arrived with many interesting presents (just ask Jeff Drake). Everyone danced and laughed and had a good time.

FROLICS 1985: THE SHOW MUST GO ON?

WHO'S RESPONSIBLE FOR THIS?

As always, I am waiting until the last minute to write the copy for the "yearbook staff" page. Until now, we have avoided writing copy because 1) It's hard to write yearbook copy without sounding stupid, and 2) I can only type about fifteen words a minute. Well anyway, we had fun trying to meet our deadlines when we weren't ready to strangle each other. (Al & Michelle) In our frustrations, I think we managed to rank on almost every facet of Masconomet society. We apologize to the cheerleaders, the wrestling team, and anyone else who has a less than flattering photo in the book. On the other hand, we'd like to thank the following people for their contributions: Glen Keene for his patience and understanding, Guy Garron and his side kick; Jack Paster for his superb photos of Frolics, Alec Gillman for his valiant effort and his lovely drawing of the ad thermometer, Sue Moore, (one of our most reliable helpers) Sandra Scibelli, Michelle Boyle, Mr. Soucy, Mrs. Booye, Mrs. Condon, Maryanne Britner, Jenny Lycette, Kristina Brown, Elena Maccarone, Wendy Milks, Sue Mclaughlin, Colleen Carr, and Heather Ramsdell. By the way, seniors, you owe these typists your life. (or at least your profiles) Emily Corneliussen, Janna Preman, Sue Moore, Stacey Henderson, Liz Booye, Amy Dupont, Kristen Campbell, Sue Harmer, Deanna Daley, Vickie Bakker, Sue Olmstead, Anne Parker, and Jackie Lauria. It's two days until our final deadline and we still have twenty or so pages to go; we barely made the last two, I hope we made this one. I don't think we'll ever make up for the sleep we've lost or the classes we've skipped, but it's been worth it. These are the people we would not like to thank: the few members of the faculty who needed to "wash their hair" before having their pictures taken, (yes, an adult said that) and a couple of journalism students who revealed the theme of the book in the local paper against our wishes. I hope I spelled your names wrong. Oh, I forgot to thank Mr. Meinelt for his support, although you can turn to page three to read about how, if it wasn't for him, our yearbook would have ended up like Frolics did. If that isn't class assistance, I don't know what is! Anyway, We hope you like it.
